

# Save the Date

## 1st ECCAS HYDROMETEOROLOGICAL FORUM

14th to 16th of November 2018, Libreville, Republic of Gabon

Ladies and Gentlemen,

We have the honor to announce the 1<sup>st</sup> HYDROMETEOROLOGICAL FORUM OF CENTRAL AFRICAN STATES, 14<sup>th</sup> to 16<sup>th</sup> of November 2018 which will take place in Libreville, Republic of Gabon.

The Objectives of this Forum will be to

- Provide an opportunity for exchange and dialogue with experts and managers in charge of meteorology, hydrology, disaster risk management, health and agriculture in Central Africa;
- Review and reflect on capacity building strategies and mechanisms of national meteorological services;
- Consolidate public-private partnership - Civil society - Universities in order to strengthen resilience to climate and disasters in the Central African region
- Establish links with regional decision makers, financial institutions and global experts.

In order to work towards a substantial improvement in service delivery, which is essential for development planning and climate resilience.

Please "save the date" and do not hesitate to share this information with your colleagues and relevant stakeholders in your country or professional network. Should you have any questions, please contact us at [ECCASHydrometForum@worldbank.org](mailto:ECCASHydrometForum@worldbank.org)
